

Brayden Yellman, MD
BHC Health Care Provider

Presentations

Throughout my residency training at Exempla Saint Joseph Hospital and my fellowship training at the University of Pennsylvania, I frequently presented unique and challenging clinical cases followed by a review of relevant clinical literature to a large audience of my physician colleagues as an educational tool to help everyone in attendance improve their clinical acumen and skill. Some of my more significant presentations are summarized below.

National & Regional Presentations

- Segmental Arterial Mediolysis: A Rare Vasculopathy Responsible for a Case of Bilateral May 2015
Renal Infarcts. Poster presentation at the Annual North American Young Rheumatology Investigator Forum (NYRIF) at the Clinical Congress of Rheumatology, Destin, FL
- Clinical Pathological Conference: A Sjögren's Patient Presenting with Fever of Unknown Origin. Oral presentation to the Philadelphia Rheumatism Society, Philadelphia, PA. Feb 2015

Local Presentations

Oral Presentations to the University of Pennsylvania Division of Rheumatology, Philadelphia, PA

- Diffuse Idiopathic Skeletal Hyperostosis: Clinical Review and Updates on Pathogenesis. Jun 2016
- A Case of Blue Toes: Raynaud's, Pernio, Acrocyanosis, and Other Acroscandromes. May 2016
- Acute Parotid Swelling: Differential Diagnosis and Initial Evaluation. Mar 2016
- Uveitis Mimics: The White Dot Syndromes and Punctate Inner Choroidopathy. Feb 2016
- Anti-TNF Inhibitor Antibodies: Mechanisms of Development and Strategies for Prevention. Dec 2015
- Prophylaxis for Heterotopic Ossification With Hip Replacements in Ankylosing Spondylitis. Dec 2015
- Idiopathic Granulomatous Mastitis: Differential Diagnosis and Treatment Strategies. Sep 2015
- Zoonotic Infection Mimicking Systemic Vasculitis: A Case of Multi-Organ Failure and Digital Ischemia. Jul 2015
- An Atypical Presentation of Undifferentiated Spondyloarthropathy in a 60-year old Male. Jun 2015
- Hypereosinophilic Syndrome Presenting with Loeffler Endocarditis and Cardioembolic Thrombi. May 2015

- Cardiac Sarcoidosis: Diagnostic Approach, Management Considerations, & Treatment Modalities. Apr 2015
- Adult-Onset IgA Vasculitis Involving the Bowel and Skin in the Setting of Illicit Drug Use. Mar 2015
- Rapid Onset Dermatomyositis: An Evidence-Based Review of Current Treatment Modalities. Feb 2015
- SAPHO: A Patient with Pustular Skin Lesions, Colitis, and Arthritis. Dec 2014
- Development of Diffuse Large B-Cell Lymphoma in a Primary Sjögren's Patient. Oct 2014
- Systemic Lupus Erythematosus in Pregnancy: Clinical and Treatment Considerations. Sep 2014

Oral Presentations to the Department of Internal Medicine, Exempla Saint Joseph Hospital, Denver, CO

- Fibromyalgia: Strategies for Improving the Quality of Care in Primary Care Residency Clinics. May 2014
- Morbidity & Mortality Case Presentation. Jan 2014
- Clinical Pathological Conference: Acute Aortic Insufficiency Due to Granulomatosis with Polyangiitis. Nov 2011

Recent Presentations – 2019-Present

Upon joining the Bateman Horne Center of Excellence, I was readily met with ample opportunities to participate in clinical research as a sub-investigator upon the below studies on ME/CFS and Fibromyalgia over the course of my 13 months with the organization so far. I endeavor to greatly expand my work in research upon both ME/CFS and FM to supplement my clinical work in these disciplines.

- A Phase 3, Double-Blind, Randomized, Multicenter, Placebo-Controlled Study To Evaluate The Efficacy And Safety Of TNX-102 SL Taken Daily At Bedtime In Patients With Fibromyalgia (RELIEF). Trial Start Date: December 2019 to Current. Study sponsor, Tonix Pharmaceuticals, Inc. Role in Trial: Sub-Investigator
- A Multicenter, Randomized, Double-Blind, Placebo-Controlled, Proof of Concept Study of the Efficacy and Safety of Fremanezumab for Treatment of Patients With Fibromyalgia. Trial Start Date: May 2019 to Current. Study Sponsor: Teva Branded Pharmaceutical. Role in Trial: Sub-Investigator.
- Topological Mapping of Immune, Microbiota, Metabolomic and Clinical Phenotypes to Reveal ME/CFS Disease Mechanisms. Cooperative agreement (U54) funded by the National Institutes of Health. September 2017 through 2022. Role in clinical research: Sub-Investigator.

- Pilot Phase I/2, Open-Label, Clinical Trial to Investigate CT38 in the Treatment of Myalgic Encephalomyelitis/Chronic Fatigue Syndrome (InTiME). Sponsor, Bateman Horne Center. Phase I/2. January 2019 to April 2019. Role in trial: Sub-Investigator.
